

TRIBEST<sup>®</sup>  
making healthy living easy

## Our Mission:

At Tribest, we strive to make the best small kitchen and home appliances designed for healthy lifestyles. We are continually pioneering new and innovative technologies that allow our customers to maximize their health naturally. Featuring the latest innovations in juicers, blenders, dehydrators, sprouters, and more, Tribest products make healthy living easy.

## Worldwide Reputation:

Our brands are sold and recognized worldwide. Tribest products have gained a solid reputation of providing the latest developments in natural health. Our Green Star juice extractors are reputedly the world's finest juicers, and continue to win numerous international awards. The Tribest Personal Blender was also the first of its type to enter into the United States market and has started the emergence of a new kitchen electrics subcategory – the single serving blender. Tribest continually introduces new products internationally that deliver uncompromising quality and new levels of performance.

## Retailer Support:

We want your business to do well. Tribest offers merchandising materials for our entire line of products including:

- demonstration videos
- sales sheets
- posters
- hi-resolution photos for catalog houses and online retailers
- and much, much, more

With most of our merchandising materials available at no charge, we make it easy for you to sell our products. We also offer drop-ship programs and can tailor them to suit your needs. Ask one of our helpful customer service professionals about how we can assist you.

We also support our brands with integrated national advertising and public relations campaigns to increase brand awareness and to drive consumers to your stores.

• **Green Star Elite**  
**#GSE-5000**

## The only juicer you'll ever need!

For juicing fruits and vegetables of virtually every description, the Green Star Juice Extractor has no rival. From hard roots (carrots, ginger) to fibrous stalks (celery, rhubarb) to even the toughest leafy greens (kale, wheat grass), nothing is better at unleashing every drop of nutrition from fresh produce to boost your health, energy, and overall sense of well-being. All models contain everything you'll need for easy juicing and food processing.

## FEATURES

- Exclusive low-speed, quiet, and heavy-duty Twin-Gear impeller press system operates with minimal noise, friction, and heat, preserving even the most fragile nutrients.
- HD Twin-Gear Juicing Technology produces higher juice yield and enhances nutritional value of every drop.
- Automatic pulp ejection for continuous juicing and easier clean-up.
- Works as a food mill for preparation of baby foods, sorbets, and nut butters.
- Model GS-2000 adds a coarse screen, stainless steel strainer, and drip tray for variable juice clarity.
- Model GS-3000 adds Pasta Maker Set, Breadstick/Mochi Maker Set for the ultimate in versatility.
- Easily juices most fruits, herbs & vegetables, and grinds nuts & grains.
- Balanced 'Sure Grip' Handle for easy carrying.
- Convenient On/Off/Reverse three-way switch.
- Easy to clean and assemble.
- UL, CE, and TUV certified
- 5 year warranty and 12 year warranty for the Green Star Elite GSE-5000.

## Nothing Beats the Original

**Green Star's Twin Gear juicing system has 5 important features that ordinary dual-juicers do not.**

New dual-gear juicers are appearing on the market that attempt to portray themselves as technological advancements over the Green Star. However, Green Star remains the best twin gear juicer because the imitation juicers do not have these important design features.

**3. Pressure Adjusting Mechanism:** Green Star allows you to easily adjust the amount of pressure that is exerted inside the juicing chamber in order to effectively handle a wider variety of produce without jamming or clogging.

**4. Nylon Safety Buffer:** Unlike ordinary dual-gear juicers, Green Star's Twin Gears feature a nylon safety buffer to prevent steel shavings from inadvertently entering your juice by keeping the stainless-steel gears separated by a margin of 4/1000 of an inch at all times during operation.

**5. Exclusive Magnetic & Bioceramic Technology:** The magnetic and bioceramic technology found only in the Green Star yields juice of exceptional nutritional quality and delays oxidation – allowing your juice to remain fresh longer.

**1. Pocket Recesses:** In order to reduce overall strain on the motor and extend the Green Star's operating life, the teeth of the Twin Gears were designed with special pocket recesses to process harder vegetables more efficiently and easily.

**2. Cutting Points:** The Green Star's Twin Gears feature special cutting points on each of the gears, allowing it to extract juice more efficiently and to handle sinewy vegetables like celery without getting tangled or clogged.

# SoloStar 2<sup>®</sup> Tribest Single Auger Juicer

## Make high quality 'Live' juice at a fraction of the cost!

SoloStar 2<sup>®</sup> features an improved auger design and advanced filtering technology that has raised the bar for home juicers. It's the only juicer that features **2nd Generation Dual-Stage Juice Extraction** – resulting in unsurpassed efficiency and versatility from a single-auger juicer. That means you get more delicious juice from a wider variety of fruits, vegetables, and grasses than ever before from a single-auger juicer. Plus, its gentle low RPM juicing process delivers even more of the essential nutrition from every last drop of juice. Because the juice is never heated or damaged, you'll enjoy the fresh, "live" taste and nutrition you can only expect from machines costing hundreds more. Professional quality at an affordable price makes SoloStar 2<sup>®</sup> the practical low-RPM single-auger juicer.

## FEATURES

- Expertly designed and constructed from only the finest, most durable materials.
- Includes accessories for making flat pasta, round noodles, and for milling mochi.
- UL & CE approved
- 5 year Warranty.

## SOLO STAR-II ACCESSORIES

## SPECIFICATION

Model #SS-9002			
Type	Single Auger	Weight	17.5 lbs.
Power of Motor	180W	Measurement	16.5" W x 13.6" H x 7.5" D
RPM	80 RPM w/ load	Warranty	5 years

## A new and improved SoloStar 3

SoloStar 3® is the latest model in the SoloStar line with the versatility, reliability, and quality that you can expect from a Tribest product—with even more upgrades!

### SPECIFICATION

Model #SS-9113			
Type	Single Auger	Weight	17.5 lbs.
Power of Motor	180W	Measurement	16.5" W x 13.6" H x 7.5" D
RPM	80 RPM w/ load	Warranty	5 years

### FEATURES

- 100% BPA-Free housing with virtually BPA-Free Ultem Auger and we have switched to using new materials in a majority of the parts, including both the Juicing Screen and Auger.
- Auger and Juicing Screen is made out of the Ultem material, which allows them to be 8 times harder than previous models.
- Redesigned Screen Locking Cap that ensures that this part attaches and detaches with ease.
- Detachable Power Cord.
- New black color prevents most staining and introduces a sleeker and more modern style for this classic juicer.
- Low speed 80 RPM, means that your juice is both not heated and not mixed with excessive oxygen, ultimately preserving vitamins, nutrients, and fragile enzymes.
- A large single Auger combined with a dual stage screen (coarse and fine) allows you to secure the maximum yield of juice from a wider variety of produce than other single auger juicers.

# Fruitstar® Tribest Vertical Single Auger Juicer

## The perfect solution to get the most out of fruits, while enjoying green juice as well!

The Fruitstar® Vertical Single Auger Juicer, is the quick, trouble-free way to make fresh and nutritious fruit juice at home. Easy to use and designed for safety, efficiency, and comfort, the Fruitstar will become the star of your kitchen. With a dominant 240 Watt motor, the Fruitstar is a workhorse that can easily tackle all your juicing tasks from fresh fruits to a variety of vegetables (with minimal preparation).

The Fruitstar® makes it easy to enjoy fruit that is more difficult to extract in most conventional single or double auger juicers. The soft composition of many fruits makes it a challenge for these conventional juicers to effectively juice fruits with minimal waste. Often these juicers end up losing half of the juice available in produce. This has been a detriment to many fruit juice enthusiasts. Fruitstar has been designed to provide the solution to this problem.

## FEATURES

- BPA-Free housing and casing and virtually BPA-Free Ultem Auger.
- 240 Watt motor, more powerful than its competitors (150W).
- 80 RPM slow juicing auger.
- Quiet operation, approx. 55 dB (less than an electric shaver\*)
- Heavy duty juicing screen, long lasting and prevents wear and tear.
- Innovative pulp wiping assembly reduces clogging due to pulp build up on the juicing screen
- Included strainer allows you to enjoy pulp free juice.
- A convenient hand grip makes Fruitstar easier to use and move around.
- Safety switch ensures that the unit is only operational when properly assembled.
- 10 year Warranty.

\*Depends on make and model of shaver

## SPECIFICATION

Model #FS-610			
Type	Vertical Single Auger	Weight	23 lbs.
Power of Motor	240W	Measurement	16.5" W x 9" H x 7" D
RPM	80 RPM w/ load	Warranty	10 years

## The quiet yet powerful citrus juicer!

Citristar® can start you on your way to better health. With minimal time and effort, Citristar® extracts extremely beneficial juice for you and your entire family. The Citristar's unique, high-clearance, stainless steel spout prevents clogging and ensures continuous operation. The quiet yet powerful motor makes quick work of all your favorite citrus fruits, making Citristar® the perfect appliance for all your citrus juicing needs.

## FEATURES

- Powerful Motor for highest extraction results, quiet operation, and enhanced durability.
- Auto start/stop, easy one-touch operation.
- Juice pours directly into your glass for continuous operation.
- Locking mechanism prevents drips.
- Fine screen prevents clogging and is easy to clean.
- Sloped juice collector maximizes juice flow and eliminates clogs.
- 1 year Warranty.

## SPECIFICATION

Model #CS-1000			
Type	Citrus Juicer	Weight	6 lbs.
Power of Motor	240W	Measurement	7.5" W x 9.5" H x 7.5" D
RPM	110	Warranty	1 year

## CITRISTAR ACCESSORIES

• Large Ream  
#CS032A

• Small Ream  
#CS032B

Use the optional Small Ream and/or Large Ream with your Citristar® Citrus Juicer to extract refreshing juice from the smallest of limes to the largest of grapefruits.

**Lightweight, portable, versatile, and works without electricity, so you can enjoy fresh juice wherever you go!**

Wheatgrass contains some of the highest concentrations of vitamins, minerals, and nutrients in comparison to other fruits and vegetables. It is also one of nature's richest sources of chlorophyll and hundreds of other live enzymes. Until recently, obtaining the juice from this miracle plant required purchasing expensive juicers or making a trip to your local juice bar to buy a shot.

Now with the new Z-Star® Manual Juicer, Tribest® makes it affordable to be able to juice wheatgrass at home, or on the go. Its unique single-auger design uses an extremely gentle and efficient process to extract more high-quality juice from each blade of wheatgrass, without electric power. Not only can it juice wheatgrass, the Z-Star® Manual Juicer can also extract greattasting and nutritious juice from a variety of fresh fruits, vegetables, and leafy greens. The Z-Star® Manual Juicer is lightweight, portable, and versatile, so you can enjoy fresh juice wherever you go!

## SPECIFICATION

Model #Z-510			
Type	Manual	Weight	4.5 lbs.
Measurement	14" W x 13.6" H x 4.5" D	Warranty	1 year

## Z-STAR ACCESSORIES

### Z-Star Conversion Kit

There's no need to sacrifice your ability to make fresh fruit and vegetable juices when you're on the road or when electricity is not available. The Tribest® Z-Star® conversion kit is the perfect solution for those who already have the SoloStar® or other electric single-auger juicer, but also need the portability of a manual juice extractor. The Z-Star® conversion kit can be used with the juicing parts from the Tribest® SoloStar® or from most other single-auger juicers, and contains everything you need to turn your ordinary single auger juicer into a compact, manual juicer.

- Z-Star Conversion Kit  
#Z-511

## FL-3000 makes growing sprouts even easier!

The new and improved Freshlife® 3000 is the newest model in our Freshlife line. With the adjustable water pressure and automatic water system features, it waters your sprouts for 5 minutes, rests for 25 minutes, and waters again for 5 minutes...when the on/off switch is turned on. Growing more sprouts is now easier with up to 3 levels of sprouting barrels. The Freshlife® 3000 makes growing sprouts even easier!

### FEATURES

- On/off switch.
- Detachable power cord.
- Automatic watering system.
- BPA-Free barrels.
- Up to 3 levels of sprouting barrels.
- Adjustable water pressure system.

### SPECIFICATION

Model #FL-3000	
Type	Automatic Sprouter
Measurement	11.2" W x 14.8" H x 11.2" D
Weight	8 lbs.

### FRESHLIFE ACCESSORIES

#### HYDROGEN PEROXIDE

Food Grade 8% Hydrogen Peroxide is the safe way to ensure clean and healthy sprouts. Add as little as 2 or 3 capfuls to a full barrel of water in your FreshLife Automatic Sprouter to ensure sprouts that are free from mold or bacteria growth.

- #HYDRO  
16 oz.

#### EXTRA BARREL SET

The FreshLife Extra Barrel Set doubles the sprouting capacity of the FreshLife Automatic Sprouter. The extra barrel set comes with everything you need to double stack your sprouter and increase the amount and variety of sprouts you can grow at a time!

- #FRESH02S  
3 lbs.

# Personal Blender® Tribest Single-Serving Blender

## Choose the best blender for your needs!

Versatile and portable for today's busy lifestyle, the Tribest Personal Blender® allows you and your family to blend multiple drinks without having to stop and clean a bulky blending jar for each recipe. Blend and serve your own individual drink right in your own individual container and take it to go with a secure and convenient lid. There's no extra mess to clean up and everyone gets just what they want. In under a minute, life just got a whole lot tastier!

Tribest is proud to offer blending and grinding cups made from Eastman Tritan™ copolyester – a new generation copolyester offering higher temperature resistance, higher impact resistance, and most importantly free of Bisphenol-A.

## SPECIFICATION

Model #PB-150, 250, 250XL, 350XL			
Type	Personal Blender	Weight	3.7 lbs.
Measurement	5" W x 12.3" H x 5" D	Power of Motor	200 Watt

## FEATURES

- Available in 5 packages, ranging from our easy blend model (PB-150), to our complete blender and grinding package (PB-250), and complete Mason Jar Set (PB-350), we have a blending package that will suit your lifestyle and needs.
- Blending/Grinding Blades completely enclosed during operation, makes it impossible to come in contact with spinning blades. Advanced safety features prevent operation when the blades are not completely enclosed.
- Powerful 200 Watt motor easily blends all your favorite ingredients, including ice, and grinds all your grains, nuts, and seeds.
- Blend-n-Serve cups are made entirely out of BPA-Free materials that ensures you drink your smoothies without worry.
- 2 modes of operation, one touch pulse and press and twist continuous modes for blending and grinding to that perfect consistency.

Warranty	10 years		

## Energize your water, energize yourself!

Your body is comprised of up to 60% water. After oxygen, water is the most basic need for human life. It is easy to see why drinking water is just as important as breathing the cleanest, freshest air and consuming the healthiest foods. Water is essential in health and vitality. On a cellular level, water is responsible for getting nutrients into your cells. It is the means by which we flush toxins and metabolic waste from our bodies. It is even essential in how our brain and nerves communicate throughout our bodies. By drinking water processed through the Duet® you are enhancing your body's ability to maintain balance.

The quality that gives water its "life" and energy is its structure- the specific hexagonal ordering molecules forming a coherent matrix capable of faster intracellular movement and more rapid information exchange. Many scientists believe that by maintaining the liquid crystalline properties of water within our bodies helps support vibrant life and longevity.

The Duet® works by utilizing the natural spiral movement found in nature. Nature uses vortices (formed as water moves), electro-magnetic fields (from the Earth and her rocks and minerals), and "salts" (minerals in ionized form) to create water's liquid crystalline state- structured water. The Duet® Water Revitalizer uses those same natural forces by spinning water (vortex) within a magnetic field while releasing tiny amounts of minerals from the basket in the base of the pitcher. This process returns water to its living, liquid crystalline state with high levels of oxygen and vital energy.

## FEATURES

- Easy to use, simply plug in the machine, fill with water, choose your time setting, and watch it work.
- 3 Settings allow you to energize your water to a personal level of preference.
- Helps purify water\*
- Also useful for plants and animals, all biological organisms can benefit from living, structured, and energized water.

\*The Duet® is not intended as a water purifier. Although it will reduce the amount of chlorine and fluoride in municipal water (as the water spins), it is not intended as a water purifier. It is still recommended to use the best water you have.

## SPECIFICATION

## Make probiotics-rich yogurt with the Yolife® yogurt maker!

The fast and easy way to make fresh yogurt at home. In just 8-12 hours, Yolife® can make nutritious yogurt from milk or soymilk with the convenient glass containers, that are included. Or, you can choose to use your own larger containers to make up to 80 oz. of yogurt at a time for the whole family. Simply add milk or soymilk, active cultures, and your favorite flavorings to make delicious and creamy yogurt at home. Yolife® maintains the optimal environment for the active cultures to quickly turn your milk or soymilk into nutritious yogurt filled with beneficial probiotics.

Yolife® comes with seven convenient 6 oz. glass jars so you can have fresh yogurt every day of the week. Unlike other yogurt makers, it also comes with a large cover so you can use your own larger containers for making up to 80 oz. of fresh yogurt at a time. That means you can use your glass storage jars, food processing containers or other containers to make your fresh yogurt. Yolife can even make yogurt inside Tribest® Personal Blender blending containers – so you can make your yogurt, add fresh or frozen fruit, and instantly whip up a delicious blended smoothie.

## FEATURES

- Yolife® comes complete with seven 6 oz. glass jars to make creamy and delicious yogurt.
- Time Indicator to remind you when your yogurt will be ready.
- Use your own glass containers to make larger batches.
- Yogurt made fresh in Yolife® can contain much higher amounts of active cultures than store-bought yogurt that's been sitting on store shelves.
- 5 year Warranty.

## SPECIFICATION

Model #YL-210	
Type	Yogurt Maker
Measurement	10" W x 5" H x 10" D
Weight	6 lbs.

## The elegantly easy way to make fresh soymilk, veganmilks, and hot soups at home!

With Soyabella®, you can make fresh milk from beans, rice, and nuts in your own kitchen. Soyabella® makes delicious drinks like fresh soymilk, almond milk, rice milk, and cashew milk in as little as 15 minutes. And for raw vegans, Soyabella® makes delicious raw nut milks in seconds! Soyabella® is also great for making delicious puréed soups and porridges like split pea soup, butternut squash soup, and rice porridge. Soyabella can even grind coffee beans and other dry ingredients with its convenient milling accessories.

Soyabella® is extremely convenient with different program settings that let you easily control the temperature and grinding time with a single touch. Soyabella's multiple attachments also allow you to create a cornucopia of recipes without difficult cleaning. Unlike other soymilk makers, Soyabella® does not have an exposed heating coil, but instead features a safely hidden heating element inside its stainless steel boiling chamber—offering easier cleanup and added safety. Soyabella's advanced safety features also prevent overflows, dry heating, and overheating for safe and reliable operation.

Soyabella® is the sleek and elegant soymilk maker that is as pleasing to the eye as it is to the body.

### FEATURES

- Makes soymilk, nut milks, porridge, rice paste, and much more in just 15 minutes.
- Makes raw almond milk, cashew milk, and other raw nut milks in as little as 30 seconds.
- Easily converts into a coffee grinder with the included accessories.
- Concealed heating element for safe operation and easy cleaning.
- Temperature-controlled cycle yields perfect results every time.

### SOYABELLA ACCESSORIES

## An advanced digitally controlled 9 tray food dehydration system!

Sedona® is the elegantly easy way to dehydrate raw whole living foods, preserving the natural nutritional value and taste without using artificial preservatives. Compared to other leading dehydrators, Sedona® offers stunning features like the see through glass door and unsurpassed performance utilizing the latest digital dehydrating technologies with accurate temperature controls.

### FEATURES

- Never overheats above set temperature.
- BPA-Free Trays and mesh screens.
- No black coloring chemical used for food touching parts.
- Teflon-Free, BPA-Free, Non-stick drying sheets.
- Built-In Timer for up to 99 hours.
- Digital Display and setting for easy control.
- LED Light Display for dark environment.
- On/Off Switch for no need to unplug every time.
- See-through Glass Door to see inside without opening.
- Pause and Reinstate Function with glass door open and close.
- Convenient Pull-down Glass Door Hinge.
- Temperature mode selection for °F or °C.
- Debris catching Closed Tray for easy cleaning.
- Energy efficient with Dual Fan Technology.
- Closed Tray for dividing drying chamber to half.
- Night Mode function for more quietness.

- Silent operation.
- Debris mat.
- Chamber divider.
- Blank tray.

## Discover the many joys of freshly ground flour!

Fresher is always better! Because you want only the best for yourself and your family, freshly ground flour made from whole wheat, rice, oats, corn, or any other grain is the best way to leverage the maximum nutrition and flavor of these essential foods. With power, beauty, and precision, Hawos® stone grain mills are classically styled and German engineered to unlock all the nutrients and flavors of grains on demand when you need them for many years of useful service. Your favorite breads, pastas, cereals and desserts will come alive as never before. You insist on fresh juice for its greater taste and nutrition-why settle for less with this equally important food group?

The valuable nutrients of the whole grain and the wealth of vitamins in the germ are all only present in freshly ground flour. With German engineered Hawos grain mill you can produce your own whole grain flour whenever you need it. Wonderful flavor and all the benefits that freshly milled flour offers in terms of health and physical well-being are reason enough to invest in a quality mill.

## FEATURES

- Long operating life. A typical Hawos® story: A fourteen-year-old mill is sent in for checking. It is cleaned, tested, and then sent straight back to the owner for further years of service.
- Provides an extra-fine grind without the heat associated with stainless steel mills and without the chipping and cracking of regular grind stones.
- Built to be easily taken apart for cleaning and repairs.
- With a timeless design, choose from three elegant body styles encased in beautiful beech, birch, or modern plastic.

## Grind your own fresh flour at home!

German-engineered and German-made, the Wolfgang's low, 13.25" profile fits easily into any kitchen, yet its larger-than-life performance rivals that of even its largest competitors. With an astonishing 3.5 oz./minute grinding capacity for even the finest flours, its ultra-hard ceramic and corundum millstones make fast work of even the toughest grains. Powered by an industrial-strength motor, it will provide maximum service for you and your loved ones for many years to come. Elegantly housed in magnificent beech wood, it looks as good as it performs and will inspire conversation as well as cooking!

# Choisons® V-Slicer™ Tribest Standing Mandoline

## Big prep? Cut down on prep time!

Cuts and injuries are a common occurrence when using a mandoline slicer, but the Choisons® V-Slicer™ is designed to offer superior convenience and safety, while still providing consistent and swift slicing of produce. Featuring an upright and standing position, the V-Slicer™ makes for a convenient and easy-to-use mandolin slicer that helps create even, uniform slices of adjustable thickness. The Japanese design and forged stainless steel blade mirrors the sharpness of a Santoku knife, while the v-shape of the blade helps to center and cut through produce with a straighter cut than a standard blade would. Two user protection features- the chute box Finger Guard and Large Pusher- make this the safest mandolin on the market. At the same time holes at the back of the blades helps prevent suction and keep the produce in motion for a smooth push and pull action, slicing produce safely and efficiently.

## FEATURES

- Rubberized Feet provides stability and support across all surfaces.
- Innovative v-shaped blade provides an easier time slicing.
- Chute Box helps to perfectly position produce for even and straight cuts.
- Large Pusher protects fingers during use, while providing even and equal pressure distribution.
- Small Pusher and Divider provides superior pressure distribution for smaller sized produce.
- Extension Legs allows for the use of larger bowls or containers to be utilized.
- Finger Guard provides superior protection, preventing stray fingers from getting anywhere near the blade.
- Grooves on the platform and holes on the blade prevent the formation of a vacuum during the slicing process.
- Removable Blade is convenient for cleaning, sharpening, and replacement.
- Thickness Adjusting Platform easily adjusts the thickness of slices from paper-thin to 8mm slices.
- Julienne Attachments are optional with 2mm/3mm/4mm attachments available.

## SPECIFICATION

## Humio™ for Health!

Dry and heated air is often the cause of many physical discomforts such as nosebleeds, congested sinuses, dry nose, throat, lips, and itchy skin. Also, when air is left untreated it can increase the risk of static electricity, cracked furniture, flooring, cabinetry, and peeling paint or wallpaper, which ultimately leads to costly household repairs. With the Humio™ you can protect your family and home by improving the air quality one room at a time.

Humio™ is elegantly designed to offer a soothing and relaxing ambience of shaded colors, which softly illuminates and adds style to any room's décor. Relax and enjoy the soothing lighted effects as Humio™ rotates from shades of red, blue, and green.

Compared to vaporizers which boil water and release a warm steam making a room feel muggy if overused, Humio™ releases a cool mist which can be used all day without interruption and discomfort also eliminating the risk of burn to young children. Plus, there are no cumbersome filters to replace which lead to added cost.

## FEATURES

- 360° Rotating Mist Outlet is designed to easily change the direction of the mist. Covers between 80-100 square feet.
- Removable neck, unscrews for easier cleaning and can be used as a handle when transporting the water tank for refills.
- Half-gallon water tank, stores up to 2L (.5 gal) of distilled water for up to 10 hours of use per tank.
- Cleaning Brush is neatly nested in the base for simple storage. Use to clean Humio as needed.
- Positioning Points identifies the correct position where the water tanks rests on the base.
- Easy Push Buttons to adjust Humio™ to your desired setting with the touch of a button. Each function can operate independently or can be used simultaneously.
- Aromatic Oils with Humio add your favorite essential oils to the oil sponge, slide the oil compartment into place, add water to the Humio and turn it on. Enjoy a cool aromatic mist which not only softens the air but stimulates the senses.

## SPECIFICATION

## The safer and fresher way to prepare, serve, and store your favorite foods!

Store your favorite foods and ingredients with Glaslife® airtight food storage containers. Glaslife® storage container lids feature a unique airtight silicone seal and snap-to-lock lids that prevent air from entering the container during storage allowing food to stay fresher longer, stopping drips from spilling and odors from escaping. With Glaslife®, storing soups, salads, poultry, fruits, and aromatic ingredients have never been easier.

Since Glaslife® containers were designed for everyday use and are made of clean heavy-duty tempered glass that is lightweight yet strong and durable, identifying what's stored is no longer left to guessing, making organization easier and preparation faster. Additionally, Glaslife's storage lids are BPA-Free.

Glaslife's amazing nest design saves important cupboard space and tucks away nicely and neatly during non-usage. Glaslife® is also perfect for transportation yet attractively inviting to serve guests pre-made dishes.

### FEATURES

- Glaslife® containers neatly nest into one another with their lids attached for optimum convenience and organization.
- Glaslife® containers are made of heavy-duty stain resistant tempered glass that is lightweight yet strong and durable.
- Aside from being used for storing your favorite foods and recipes, Glaslife® can be used to reheat leftovers in the microwave, store frozen foods in the freezer, and can also be cleaned using a dishwasher.
- Glaslife's plastic snap locking lids with silicone seals are made of BPA-Free materials.
- Made with tempered glass.
- Dishwasher, microwave, and freezer safe.
- Easy snap locking lids with airtight silicone seals.
